TARGETED BROWNFIELDS ASSESSMENT
APPLICATION FORM**

Section 1. Site History

Historical Property Uses (include dates):

Has an Environmental Assessment been conducted on the property?

If yes, include a discussion of the results and describe potential sources and areas of concern on the property (use additional pages as necessary).

Nature of contaminants that may be present at the site.

**UTAH DEPARTMENT OF ENVIRONMENTAL QUALITY
TARGETED BROWNFIELDS ASSESSMENT
APPLICATION FORM**

Section 2. Site Assessment Needs

Describe difficulties related to real or perceived contamination that have hindered development of the property.

Describe areas where a Targeted Brownfields Assessment is requested. If it is the entire property, please indicate such.

Section 3. Future Land Use and Community Involvement

Future Property Use: Residential, Commercial, Industrial, Recreational, Open Space

Describe the extent to which the Brownfields re-development is part of a larger re-development strategy for the area and how a TBA is necessary to achieve this strategy.

Community Involvement.

Describe community involvement in this project.

Intent to Participate and Correctness of Information:

By way of this application, the applicant requests that the Utah Department of Environmental Quality conduct a Targeted Brownfields Assessment (TBA) on the property detailed in this application. The applicant is aware that the TBA is designed to screen the property to determine if contaminants and hazardous substances may be present. The applicant is also aware that the TBA is not a grant and does not cover potential costs of cleanup, should it be necessary.

The undersigned affirms the intent to participate and acknowledges that the information contained in the application is true and correct to the best of their knowledge.
